

## **ENVIRONMENTAL, HEALTH AND SAFETY POLICY STATEMENT OF INTENT**

At Sarclad Limited we believe that all our activities can be undertaken safely and with the environment in mind.

We will, as a minimum, comply with all applicable environmental and health & safety legislative and other requirements that could impact on our operations or affect the stakeholders who use our products and services.

Whilst everyone is responsible for the safety of themselves and others and for minimising environmental impacts, overall accountability rests with management.

We recognise that continuous improvement of our environmental, health and safety performance is essential for a successful company. We are committed to the prevention of pollutions and to identify and manage risks and opportunities for improving company environmental and health & safety performance through established annual EH&S objectives and targets.

We are committed to providing adequate resources for controlling all health and safety and environmental risks arising from our business activities.

### **Environmental, Health & Safety Vision:**

We will prevent accidents, cases of work-related ill health and environmental incidents by managing the environmental, health and safety risks in the workplace.

We will encourage a culture of zero harm, delivered through engagement and leadership.

We will promote environmental, health & safety awareness amongst our employees and stakeholders.

We will consult with and provide information, instruction, supervision and training for all employees and other interested parties as may be required to ensure that all tasks are undertaken by competent persons and in a safe and an environmentally responsible manner.

We will minimise waste and maximise recycling opportunities, ensuring that our operations are as efficient as possible with respect to consumption of energy and other natural resources.

We will review this policy at least annually and revise as deemed necessary. This policy is communicated to all employees and the interested parties.
